In very good working condition

NO VAT ON EXPORT ORDERS

HOW TO PLACE AN ORDER

When you have seen a truck you like, please call or email us.

Please make sure you clearly state in which country you would like it exported to. It will greatly help us if you can name the port where you want the truck to be landed at.

Once we have received your email, we will then confirm by email the total cost of the truck landed in your chosen port with all UK charges paid.

If you then want to place an order for the vehicle, we will send you a Pro Forma invoice for the truck, which will contain all our banking details, to enable you to pay us. We will then hold the truck for three working days until your funds have been transferred to our bank.

SHIPPING ARRANGED WORLDWIDE
